TO WHOM IT MAY CONCERN

The Eco Ranger Group had the pleasure of utilizing Ascot's Rental Solutions for our laundry needs.

We would like to thank the team at Ascot for the exceptional service we received. Each member of their team is highly professional, always friendly and willing to go the extra mile to assist. Their customer service is most likely the best in the business.

The Eco Ranger Group would highly recommend them to any hospitality establishment or company that might need to use their services. We can truly say that you will not make a mistake in leaving your needs in their hands.

It is an honour for us to do business with you.

Kind Regards
